

KAUKAUNA CLINIC, S.C.

**Kaukauna Clinic cares about your overall health and well-being
by providing comprehensive care.**

Please note, there may be an additional charge incurred with your annual physical with any ongoing medical issues or new concerns.

PREVENTATIVE/ANNUAL PHYSICAL

Your provider will complete an overall check on your health and well-being. This includes discussing your health history and providing routine screening which may include immunizations.

OFFICE VISIT (This is separate from your annual physical)

Your provider will address chronic medical issues, prescription renewals, review of lab results and will discuss any new concerns.

If your visit today includes an office visit, your insurance will be billed an office visit in addition to your annual physical exam. Please note, co-pays and deductibles will apply.

You are welcome to express all of your medical concerns today or at a future office visit. If you have any questions or concerns, please speak to your provider.

Thank you for choosing Kaukauna Clinic.

WHAT TO EXPECT AT TODAY'S VISIT

Service	Preventative health Care Visit "Physical" or "Well-Child" visit	Medicare Wellness Visit	Planned Care Visit	Illness/Injury Visit
COVERAGE- Always contact your insurance company for questions or confirmation of coverage for services	Usually offered annually and covered at 100% by insurance; not covered by Medicare	Covered by Medicare once per year. May apply to your deductibles. Please check with your insurance for specific coverage guidelines.	Deductibles and/or co-pays may apply	Deductible and/or co-pays may apply
WHAT IS IT?	Recommended once per year for all adults. At age-appropriate intervals for all children.	Set of screening questions to offer personalized health advice and prevent disease and disability based on your current health and risk factors. This visit does not include a hands-on physical exam. Can be performed by an RN.	Treatment focused on your current medical conditions, ongoing health issues, medication management, and review. Not included in your Preventative Health Care visit or Medicare Wellness visit. Often done at the same time as your Preventative Health Care visit.	Focused on sudden onset of symptoms or ailment that brought you in for your visit. Not included in your Preventative Health Care visit or Medicare Wellness Visit.
WHY?	Focus is on prevention, wellness, and screening for disease.	Identify health risks, detect cognitive impairment, assess risk of falling, screen for depression.	To effectively and proactively manage your chronic health condition.	Provide treatment for immediate health concerns.
WHEN?	Once per year	Once per year	As determined by your provider	As needed
